

YOUR MORTGAGE JOURNEY, MADE SIMPLE

Get your mortgage advisor up to speed — before you even meet.

Mortgage Hub guides customers through the questions a mortgage advisor needs — their way, at their own pace. Talk to Susan, type answers in a quiet chat, or book a call. We hand advisors a clean summary so the first conversation is faster and easier.

Spoken voice interview

Typed chat assistant

Book a call instantly

Meet Susan

AI voice & chat guide for every customer.

Three ways to get started

Spoken interview

Susan, our avatar-led voice assistant, speaks each question and listens to replies.

Text & chat

Same guided questions in a quiet typed chat — no microphone, pick up any time.

Book a call

Short on time? Pick a slot with a mortgage advisor — booking confirmed by text.

How it works

1

Guided interview

Sign in and answer simple questions — spoken or typed, at their pace.

2

Fact-find summary

An AI summary is generated and the customer is texted a link when they finish.

3

Meet the advisor

They book a time. You arrive already up to speed on their situation.

Why customers love it

Automatic fact-find summary

An AI-written summary goes straight to the advisor — no repeating yourself.

SMS confirmations

Text when the interview is complete and when an appointment is booked.

Flexible, secure sign-in

Email & password, Google, or a one-time SMS code.

Free to start & private

Begin in minutes. Details stay private until they're ready to share.

Refer a friend

Customers can share a personal Refer-a-Friend link. Friends get the same friendly guided start — and referrers are credited every time someone they invite joins.
