

PARTNER WITH MORTGAGE HUB

Refer customers with confidence — they get the full experience, you get visibility.

Share your personal introducer link or book on a customer's behalf. Every referral is attributed to you, and you can track journey stage, advisor allocation and last contact — without seeing sensitive fact-find detail.

Meet Susan

AI voice & chat guide for every customer.

What your customers get

The same guided Mortgage Hub experience — voice interview with Susan, typed chat, or instant booking.

Spoken interview

Susan, our avatar-led voice assistant, speaks each question and listens to replies.

Text & chat

Same guided questions in a quiet typed chat — no microphone, pick up any time.

Book a call

Short on time? Pick a slot with a mortgage advisor — booking confirmed by text.

Your introducer portal

Shareable referral link

A unique link credits every self-serve customer to you automatically.

Company code

4-digit code lets colleagues join the same introducer company.

Book for customers

Log a lead and open the advisor diary — referral recorded instantly.

Text booking links

SMS a customer a personalised link to pick a time.

Referral dashboard

See name, journey stage, lead source, advisor, days at stage & last contact.

Manual lead logging

Capture name, phone and notes when you speak to someone directly.

How it works for you

1

Get your portal

We set you up with a company profile, shareable link and optional company code.

2

Share or book

Send your link, text a booking invite, or book an appointment yourself.

3

Track progress

Watch each referral move from not started to appointment, ID and AIP milestones.

Professional, privacy-conscious reporting

Introducers see journey stage and contact dates — not full fact-find answers. Customers still get Susan, SMS confirmations and a polished first impression that reflects well on your brand.
