

BUILT FOR MORTGAGE ADVISORS & FIRM OWNERS

Warmer first meetings. **Less admin.** Commission, CRM & exports in one hub.

Mortgage Hub prepares customers before you meet them, lets staff and introducers book on customers' behalf, and gives advisors a single workspace for contact, fact-finds, diary, CRM and commission — with owner-level finance reports and Excel/PDF exports.

Book customers for others

CRM contact on every case

Commission on fee submit

What your customers experience

**Voice interview with Susan**

Avatar-led spoken fact-find — natural, friendly and thorough.

**Typed chat option**

Quiet alternative for customers who prefer not to speak aloud.

**Instant booking + amend**

Self-serve diary with SMS & email confirmation; advisors can amend slots.

**Post-booking choice**

Complete fact-find by voice or type, or confirm attendance only.

Advisor toolkit

**Customer booking card**

Book or send SMS + email link — same flow as staff & introducers.

**Tabbed customer profile**

Contact, Notes, Fact find, Journey & CRM in one place.

**Pre-meeting summaries**

AI-written fact-find summaries before the first call.

**Editable customer hub**

Customers update name, email, phone & address — synced to CRM.

**Needs-attention highlights**

Call-backs and ready-to-review customers on your home screen.

**Journey milestones**

Appointment, ID confirmed and AIP — with customer SMS on confirm.

**My commission**

Personal commission statement with payout dates when fees are posted.

**Full audit history**

Fact-find events, SMS, appointments, notes and milestones in one timeline.

**Introducer attribution**

Every referral link and portal booking credits the introducer.

Owner & admin controls

**Advisor view tab**

Owner/supervisor opens any advisor's dashboard to see their workload.

**Finance & commission mgmt**

Firm-wide ledger, commission history and introducer percentages.

**Excel & PDF exports**

Download finance, commission and customer reports for your records.

**Manage advisors & introducers**

Invite, suspend, reinstate and configure RAF limits & test accounts.

Modern mortgage tech
for **advisors & firms**
